UNGA

Voting Procedure

IBAD-MUN 2026 | 2:35–2:55 PM | 20 minutes | Climate action & cooperation

01 · Purpose of the Voting Session

The purpose of voting is to allow delegates to decide whether a draft resolution should be adopted by the committee.

During this session:

- The Dais identifies draft resolutions eligible for voting.
- Delegates are informed about the voting procedure.
- Amendments are resolved in the required order, if any remain.
- Delegates cast their votes.
- The ACD counts and verifies the votes.
- The CD announces the result.

> **Important:** Voting rules, majority requirements, abstentions, voting rights, and the order of voting must follow the official conference Rules of Procedure.

02 · How the CD Will Start

First, ensure that all delegates are seated, eligible draft resolutions are available, the amendment process has been completed as required, the ACD has prepared the voting record, and the committee is ready to enter voting procedure.

> **CD**
>
> “Honourable delegates,
>
> We have now reached the voting procedure of the United Nations General Assembly.

Throughout today's session, delegates have discussed the challenges of climate change, presented their national positions, negotiated possible solutions, and worked together to develop draft resolutions.

We will now proceed to consider the submitted draft resolutions.

I request all delegates to pay close attention to the voting procedure and follow the instructions of the Dais.

Once voting procedure begins, no unnecessary interruptions will be entertained, subject to the applicable Rules of Procedure.

May the Assistant Committee Director please prepare the voting record."

03 · Explaining the Voting Procedure

CD

"Before we begin, the Chair would like to remind all delegates that voting must be conducted according to the official Rules of Procedure.

Delegates must clearly indicate their vote when called upon or when instructed by the Chair.

The available voting options and whether abstentions are permitted will be determined by the applicable Rules of Procedure.

I request all delegates to remain attentive and avoid communicating their votes to other delegates during the voting process."

Note: Only announce specific voting options after confirming them from your conference rules.

04 · Identifying the Draft Resolution

If there is one draft resolution

CD

"The committee will now proceed to vote on Draft Resolution **[NUMBER]**, titled: '**[DRAFT RESOLUTION TITLE]**.'

The sponsors of this draft resolution are **[COUNTRIES]**.

Delegates are requested to listen carefully as the Chair proceeds with the vote."

If there are multiple draft resolutions

CD

"The Dais will consider each eligible draft resolution separately, following the order and procedure established under the Rules of Procedure."

05 · Conducting the Vote

Use the voting method specified by your conference.

A. Voting by placards

CD · IN FAVOUR

“Delegates in favour of Draft Resolution **[NUMBER]**, please raise your placards.”

[ACD counts votes in favour.]

“Thank you. Please lower your placards.”

CD · AGAINST

“Delegates against Draft Resolution **[NUMBER]**, please raise your placards.”

[ACD counts votes against.]

“Thank you. Please lower your placards.”

CD · ABSTENTIONS, ONLY IF PERMITTED

“Delegates wishing to abstain, please raise your placards.”

[ACD records abstentions.]

B. Voting by roll call

CD

“The Chair will now conduct a roll-call vote.

When your country's name is called, please clearly state your vote according to the permitted voting options.”

[ACD reads the country list and records each vote.]

Counting & Announcing the Result

06 · ACD Responsibilities During Voting

1. Maintain the official voting sheet.
2. Record every country's vote.
3. Count votes in favour.
4. Count votes against.
5. Record abstentions where permitted.
6. Check that every eligible delegate has voted or been accounted for.
7. Recheck the totals.
8. Report the final count to the CD.

07 · Announcing the Result

After the ACD confirms the count, the CD announces the result.

A. If the draft resolution passes

> **CD**
>
> “Honourable delegates,
>
> The voting process has concluded.
>
> The committee has recorded:
>
> Votes in favour: **[NUMBER]**
> Votes against: **[NUMBER]**
> Abstentions: **[NUMBER]**
>
> Having met the required voting threshold under the Rules of Procedure, Draft Resolution **[NUMBER]** has been adopted by the United Nations General Assembly.”
>
> [Pause.]
>
> “The Chair congratulates the delegates who contributed to the development of this resolution.”

B. If the draft resolution fails

> **CD**
>
> “Honourable delegates,
>
> The voting process has concluded.
>
> The committee has recorded:
>
> Votes in favour: **[NUMBER]**
> Votes against: **[NUMBER]**
> Abstentions: **[NUMBER]**
>
> Draft Resolution **[NUMBER]** has not obtained the required voting threshold.
>
> Therefore, the draft resolution has not been adopted.”
>
> [Pause.]
>
> “The Chair thanks all delegates for their participation and contributions.”

> **Important:** Never announce that a resolution has passed or failed until votes have been checked against the correct threshold.

08 · If There Are Multiple Draft Resolutions

Repeat for each eligible draft resolution:

1. Announce the draft resolution number.
2. Announce its title.
3. Confirm delegates understand which document is being considered.
4. Conduct voting.

5. Ask the ACD to verify the count.
6. Announce the result.
7. Move to the next eligible draft resolution, if applicable.

Do not assume all draft resolutions automatically pass or that only one can be adopted. Follow the conference's rules.

09 · Interruptions & Unclear Counts

If a delegate interrupts during voting

> **CD**
>
> “Honourable delegate, the committee is currently in voting procedure. Kindly maintain order.”

If a delegate raises a procedural concern, handle it only as permitted by the Rules of Procedure. Do not ignore a point that the rules require the Chair to entertain.

If the vote count is unclear

> **CD**
>
> “The Chair requests a brief moment to verify the voting record.”
>
> [ACD recounts or checks the record.]
>
> After verification: “Thank you, delegates. The voting count has now been verified.”

Never guess or announce an unverified result.

10 · Concluding the Voting Session

> **CD**
>
> “Honourable delegates,
>
> The voting procedure of the United Nations General Assembly has now concluded.
>
> The Chair appreciates the efforts of all delegates who participated in today's discussions, negotiations, drafting, and voting.
>
> Regardless of the outcome, today's proceedings have provided an opportunity for nations to exchange ideas and work towards international cooperation on climate change.
>
> This concludes the voting procedure.
>
> Thank you, delegates.”

Voting Reference

11 · Quick Reference — CD Phrases

Situation	What to say
Starting voting	“We will now proceed to the voting procedure.”
Announcing resolution	“The committee will now vote on Draft Resolution [NUMBER].”
Vote in favour	“Delegates in favour, please raise your placards.”
Vote against	“Delegates against, please raise your placards.”
Abstentions	“Delegates wishing to abstain, please raise your placards.”
Counting	“The Chair requests a moment to verify the voting record.”
Resolution passes	“The draft resolution has been adopted.”
Resolution fails	“The draft resolution has not been adopted.”
Ending voting	“The voting procedure has now concluded.”

12 · Important Reminders for the CD

1. Remain completely neutral.
2. Do not influence delegates' votes.
3. Do not allow unauthorized changes to the draft resolution during voting.
4. Follow the official voting method.
5. Confirm the required majority before announcing the result.
6. Do not count absent delegates as abstentions.
7. Do not assume every delegate has identical voting rights without checking the rules.
8. Ensure the ACD verifies the count.
9. Announce the exact result.
10. Keep the voting record for the committee report.
