Working Paper & Draft Resolution Sessions

IBAD-MUN 2026 | 45 delegates | 12:45 PM–1:35 PM | CD + ACD

01 · Working Paper & Draft Resolution Session 12:45–1:15 PM · 30 min

Purpose of the session

Allow delegates to turn their discussions and negotiations into written proposals. Delegates should:

- Finalize their ideas and proposed solutions.
- Combine similar proposals from different countries.
- Organize their ideas into working papers.
- Develop possible operative clauses.
- Identify sponsors and signatories.
- Prepare draft resolutions according to the conference format.

How the CD will start

First, ensure all delegates are seated and ready.

> **CD**
>
> “Honourable delegates,
>
> We will now proceed to the working paper and draft resolution preparation session.
>
> During our previous discussions and unmoderated caucuses, delegates presented several proposals regarding climate finance, international cooperation, renewable energy, climate adaptation, and disaster preparedness.
>
> It is now time to convert these discussions into structured written proposals.
>
> Delegates are requested to work with their respective groups, finalize their ideas, and prepare working papers and draft resolutions in accordance with the committee's requirements.

> Please ensure that your proposals are practical, relevant to the agenda, and focused on international cooperation.
>
> You have 30 minutes for this session.
>
> The floor is now open for document preparation.”

What the CD should take care of

1. Ensure delegates are working on the agenda.
2. Observe whether different groups are preparing documents.
3. Allow delegates to negotiate and combine proposals.
4. Ensure no group dominates the process.
5. Check whether proposed solutions are realistic.
6. Ensure documents follow the conference's required format.
7. Coordinate with the ACD regarding document submissions.
8. Keep track of the remaining time.

> **Important:** Do not write resolutions on behalf of delegates or favor any particular bloc.

ACD document submission record

No.	Document Title	Main Submitter	Contributors	Status
1				Pending
2				Pending
3				Pending

The ACD should also record sponsors, signatories, submission time, number of proposed clauses, receipt status, corrections required, and whether the document has been forwarded for review.

02 · Support & Close of Preparation Session

If delegates ask for help

> **CD · DOCUMENT FORMAT**
>
> “The Dais is available to clarify the required document format. Please ensure that your proposals are clearly written and relevant to the agenda.”

> **CD · IF A GROUP HAS NOT STARTED**
>
> “The Chair encourages all delegates to use the remaining time productively and begin organizing their proposals.”

Announcing the end

> **CD**

> “Honourable delegates,
>
> The allotted time for the working paper and draft resolution preparation session has concluded.
>
> I request all groups to finalize their documents and submit them to the Dais according to the committee's submission procedure.
>
> The Dais will now organize the submitted documents for the next stage of committee proceedings.
>
> Thank you, delegates.”

03 · Draft Resolution Preparation / Presentation 1:15–1:35 PM · 20 min

Purpose

During this session, submitted draft resolutions are organized; the Dais checks format and relevance; eligible resolutions are identified according to conference rules; sponsors and signatories are confirmed; and selected or approved documents are prepared for presentation.

> **Note:** Follow your conference's Rules of Procedure for document approval and presentation. A working paper is not automatically an approved draft resolution.

How the CD will start

> **CD**
>
> “Honourable delegates,
>
> We will now move towards the draft resolution session.
>
> The purpose of this session is to review the proposals developed by delegates and organize them into formal draft resolutions.
>
> A draft resolution represents the collective effort of delegates who have negotiated and developed proposals to address the agenda.
>
> The Dais will now proceed with the submitted documents and ensure that they meet the required format and procedural requirements.
>
> I request all delegates to remain attentive and cooperate during this process.”

Document review checklist

1. Is the document relevant to the climate-change agenda?
2. Does it follow the required resolution format?
3. Are the sponsors identified?
4. Are the signatories identified?
5. Are the clauses understandable?
6. Are the proposals practical and constructive?
7. Has the document been submitted through the proper procedure?

> **Impartiality:** Do not reject a document simply because you disagree with its political position.

Presentations & Resolution Guide

04 · Introducing a Draft Resolution

Once a draft resolution is eligible for presentation under the conference rules:

> **CD**
>
> "The Dais has received a draft resolution concerning the agenda of this committee.
>
> The draft resolution is titled: **'[DRAFT RESOLUTION TITLE]'**
>
> The sponsors of this draft resolution are **[COUNTRIES]**.
>
> The signatories are **[COUNTRIES]**.
>
> The Chair now invites the designated representative to present the draft resolution."

When the representative comes forward

> **CD**
>
> "Delegate, you may begin presenting your draft resolution."
>
> [Allow the designated representative to present the document according to the permitted procedure and time.]
>
> After the presentation: "Thank you, delegate, for presenting the draft resolution."
>
> If there are multiple eligible draft resolutions, repeat for each, subject to the time available and conference rules.

ACD presentation tracker

No.	Draft Resolution	Sponsors	Signatories	Presentation Completed
1				Yes / No
2				Yes / No
3				Yes / No

The ACD should keep copies of submitted documents, record final titles, verify sponsors and signatories, note requested corrections, track presentations, and prepare documents for the next discussion session.

How to end the session

> **CD**
>
> "Honourable delegates,
>
> The draft resolution preparation and presentation session has now concluded.
>
> The Dais appreciates the efforts of all delegates who contributed to the development of these proposals.

> We will now move towards the questions and discussion session, where delegates will have the opportunity to discuss the submitted draft resolutions in greater detail.
>
> Thank you.”

05 · Working Paper vs Draft Resolution

Working Paper	Draft Resolution
Informal document	Formal proposed resolution
Contains initial ideas	Contains structured clauses
Can be developed during negotiations	Must follow formal submission requirements
May be changed freely during drafting	Changes follow the amendment procedure
Not automatically eligible for voting	May proceed to voting if approved under RoP

06 · Draft Resolution Structure

A. Heading

- Committee name
- Agenda
- Draft resolution number
- Sponsors
- Signatories

B. Preambulatory clauses

Explain the background, concerns, and previous international commitments relevant to the issue.

Example opening words: Reaffirming · Recognizing · Concerned · Recalling · Acknowledging · Emphasizing

C. Operative clauses

Explain what the committee proposes to do. Example climate-action proposals:

1. Encourages international cooperation in renewable energy development.
2. Calls for increased support for climate adaptation in vulnerable countries.
3. Recommends strengthening disaster preparedness systems.
4. Supports technology transfer and capacity-building initiatives.
5. Encourages transparent monitoring of climate commitments.

> These are examples only, not official clauses adopted by the committee.

07 · CD & ACD Responsibility Summary

Committee Director	Assistant Committee Director
Announces the session	Maintains document records
Explains the purpose	Receives documents
Maintains order	Checks document details
Introduces eligible resolutions	Records sponsors and signatories
Invites representatives	Tracks presentations
Announces transitions	Prepares documents for discussion

08 · Important Reminders

1. A working paper and a draft resolution are not the same thing.
2. Sponsors and signatories have different roles.
3. Do not automatically treat every submitted working paper as an approved draft resolution.
4. Do not reject proposals because of political disagreement.
5. Follow the official document submission and approval procedure.
6. Do not invent a required number of sponsors or signatories.
7. Do not begin voting before the appropriate procedural stages.
8. Keep the committee impartial and diplomatic.
9. Keep all submitted documents safe.
10. Coordinate with the ACD throughout both sessions.
